

Franklin County Environmental Conservation Program (FCECP)

2011 Action Plan

Goal #1

Reduce Franklin County's Ecological Footprint.

Objective:

Develop and share the County's environmental make-up with operations and communities.

Goal #2

Conserve Franklin County's Environmental Resources.

Objective:

Promote conservation and preservation awareness related to the County's environmental make-up.

Goal #3

Reduce Energy Consumption.

Objective:

Compare energy use and conservation between generations sharing the outcome.

Goal #4

Establish an educational program that will benefit both County operations and County communities now and well into the future.

Objective:

Promote and continue to develop the County's Environmental Conservation Awareness Web Site.
